

Hannah Seratte

ABOUT

As a 3rd year Industrial Design student, I pursue **thoughtful**, creative solutions to **real-world issues** using practical, **human-centered** design. I am interested in innovative projects that involve hands-on design work and collaborating with a team, since I love to learn from and be inspired by others.

EDUCATION

Industrial Design, BSD
Arizona State University, *Fall 2022 — Spring 2026*
